Instructions

CEDARS gifted values identifies **four primary structures** for HCP service delivery:

- **General education** classroom-based services and programs, CEDARS Gifted Value 32
- **Unique HCP Services**/Programs, CEDARS Gifted Value 33
- **Acceleration** Services/Programs, CEDARS Gifted Value 34
- **Non-Traditional** Services/Programs, CEDARS Gifted Value 35

For each service delivery option or options you provide identify the **instructional strategies and curricular modifications** teachers integrate to meet the needs of their Highly Capable students.

ALERT: Instructional programming and the delivery of HCP services must be **in place at every grade level** in your district. Highly Capable students remain in the program until their enrollment in your district ends.

Complete the Gifted Value Tables

For each Gifted Value identify:

1. Program options by grade level. If K12 is marked, do not check any of the individual grade level boxes for the measure.
2. Instructional strategies and curricular modifications.

Equitable Identification of Low-Income Students [RCW 28A.185.020](#)**Update as needed how you address equitable identification of low-income students as required by law** [RCW 28A.185.020](#).

1. Identify person(s) responsible for developing and implementing LEA equitable identification plan to address low-income students.

Heather Ireland, Middle School Principal/State and Federal Programs Director

2. LEAs may find systemic barriers to identifying low-income students, such as: limited communication about referral process, testing outside school day, reliance on standardized testing only, no routine review of existing data, communication in English only, "cut off" scores on standardized tests, lack of information by school front office staff, and others.

OSPI suggests the following possible actions to reduce barriers to identifying low-income students: screen all students at certain grade level(s) to "screen in" students who may be overlooked, look for above-grade-level WaKIDS indicators, assess rapid growth over time with WaKIDS or ELPA21, test during school day in home school, review IEPs for students with disabilities for indicators of giftedness (twice exceptional), inform staff of gifted indicators and solicit referrals by staff, use alternative assessments for English learners, routinely review all relevant data for any new student, include referral information in enrollment packets, reach out to families by native language speaker.

Please update actions your LEA takes to prioritize equitable identification of low-income students, and the LEA's process to implement during the 2022-23 identification cycle.

We plan to:

Make identification materials available in English and Spanish;
 Use assessment materials in Spanish;
 Communicate about program to parents in English and Spanish;
 Make staff aware of gifted indicators and solicit staff referrals, including from SPED team;
 Examine exceptional progress on ELPA21/WIDA

Criteria for Identification [RCW 28A.300.770](#)**Explain how you address criteria for identification as required by** [RCW 28A.300.770](#).

3. **Update actions your LEA takes to address these criteria in your identification policy and procedures, and the LEA's process to implement during 2021-22 identification cycle.**

LEAs must have identification procedures for Highly Capable programs that are clearly stated and implemented using the following criteria:

- a. Districts must use **multiple objective criteria** to identify students who are among the most Highly Capable. Multiple pathways for qualifications must be available and **no single criterion may disqualify a student from identification.**

- b. Highly Capable selection decisions must be based on consideration of **criteria benchmarked on local norms**, but local norms may not be used as a more restrictive criterion than national norms.
- c. **Subjective measures such as teacher recommendations or report card grades may not be used to screen out a student from assessment.** These data points may be used alongside other criteria during selection to support identification, but may not be used to disqualify a student from being identified.
- d. To the extent practicable, **screening and assessments must be given in the native language** of the student. If native language screening and assessments are not available, a **nonverbal screening and assessment** must be used.
 - a. The criteria include: standardized assessments, report cards, the SIGS, identification forms that allow referrers to speak to qualities that are not measurable but that are typical of gifted students.
 - b. Consideration will be based on local norms provided they are not more restrictive than national norms.
 - c. Measures such as teacher recommendations and report card grades will be used alongside other measures in the identification process.
 - d. All materials that will be used are available in Spanish, other than the state assessment.
